### **Sponsor the South's Leading Climate Justice Podcast: *Climate Justice, Y'all***

The *Climate Justice Y'all* podcast is a unique storytelling platform that lifts up the voices of climate leaders across the Southeastern U.S.: a region too often overlooked, underfunded, and misrepresented in national climate narratives. Anchored by the Southeast Climate and Energy Network (SCEN), the People's Justice Council (PJC), and GASP, this podcast showcases the power, resilience, and solutions rooted in Southern communities.

SCEN is the South's largest climate justice network, connecting more than 75 member organizations across 11 states and Puerto Rico. Our partners, the People's Justice Council and GASP, are leading changemakers in faith-based organizing and environmental health advocacy.

GASP's mission is to enhance the health and well-being of Alabamians by reducing air pollution, advancing environmental justice, and promoting climate solutions through education, advocacy, and collaboration.

The PJC works to engage and equip communities with tools to build power from the grassroots up and fight for justice at the policy level — creating a just world where people and the planet are prioritized over profit.

Together, we bring a deep bench of experience, trust, and community reach.

Each episode features powerful stories told by movement leaders (everyone from pastors, youth, scientists, farmers, frontline residents, and others) who are working every day for a just and livable future. With close to 70 guests across five seasons, *Climate Justice, Y'all* has reached listeners on every continent, spotlighting Southern ingenuity, lived experience, and climate solutions.

What sets us apart:

- **Authentic Southern storytelling:** Centering local voices and deep-rooted wisdom.
- **National reach, local relevance:** Bringing global climate issues into the homes and hearts of Southern communities.

- **Movement impact:** Showcasing replicable solutions and building power across diverse sectors: faith, science, youth, policy, and grassroots organizing.

As we look ahead, we're inviting mission-aligned sponsors to help us grow this vital platform. Your sponsorship directly supports grassroots storytelling, media equity, and the amplification of underrepresented voices in climate discourse.

**Join us in shifting the narrative. Support *Climate Justice, Y'all* and invest in the leadership, creativity, and climate solutions coming from the U.S. South.** For more information on sponsorship levels and benefits, please contact us at [support@scen-us.org](mailto:support@scen-us.org).
